Clinical Supervision: Ethics and Skills for Enhanced Competence

CE Credits: 7
Enrollment Limit: 40

Workshop Description

This intermediate workshop is designed to provide state-of-the-art ethical supervision practice, including competencies, supervision guidelines, emerging best practices; diversity in all aspects; assessment, feedback, evaluation strategies; legal and ethical frames; Internet issues; self-care; and ethical management of supervisees not meeting performance competency standards. Through a competency-based frame, interactive meta-theoretical strategies for practice are developed through practice exercises, skill-building, video review, and reflection.
