

1-Day Workshop — Earn CE Credit!

Clinical Supervision: Enhancing Skills and Competencies

Saturday, May 16, 9am-4:30pm | Westwood: 216 Extension Lindbrook Center

Supervision has been identified as a vital professional skill distinct from clinical practice. Learn the latest supervisory skills, knowledge, and values/attitudes comprising supervision competence.

Topics include:

- Supervisor competence, including supervisory relationship/alliance
- Ethics, legal & regulatory issues
- Diversity
- Professionalism
- Assessment, evaluation & feedback

Special topics include the ethical and legal aspects of the internet including: supervisor, supervisee, and client use of social networking and search engines; and constitutional issues when supervisees' values conflict with those of the client.

You can earn CE credit attending this workshop.
